

## **Biology Minor**

All courses in the minor must be taken with a grade of "C-" or higher (2.0 GPA). Principles of Biology I (BIOL120) and Principles of Biology II (BIOL121) must be taken outside of the minor as GE science or unrestricted electives.

BIOL201 Cell and Molecular Biology & Lab <u>or</u>	
BIOL241 Microbiology & Lab	4
BIOL205 Integrative Organismal Biology & Lab	4
BIOL320 Principles of Genetics & Lab	4
BIOL324 Ecology & Lab	<u>4</u>
	16 semester hrs

At least one additional Biology elective course at the 300 or 400 level (3-4 credit hours). Prerequisite courses for individual electives must be met.

Total = 19-20 semester hours

Students entering the minor must have completed the prerequisite courses for the required core Biology courses of CHEM151/CHEM153 (General Chemistry I and Lab) and MATH120 (College Algebra and Trigonometry I) or the equivalent.

Students are also strongly encouraged to complete CHEM 152/154 (General Chemistry II and Lab) and MATH121 (College Algebra and Trigonometry II) or the equivalent to provide a strong foundation in concepts applicable to study in the Biological sciences.
